## Telstar Graduates 95 Last Friday

Telstar Regional High School held its fourteenth commencement on Friday evening, June 11, before an audience of some 1,200 friends and relatives in the school's gymnasium.

Before the procession the graduates made a special presentation to their parents, thanking them for their guidance and support throughout high school. The procession was led by the class marshals, Sheila Blake and Thomas Verrill.

Reverend Jacqueline Merrill recited the invocation and gave the benediction.

The first honor essay was given by Kathryn Salway. She has served as a class officer and participated in the band, jazz band, cheerleading, track and field, and Spanish Club. She was vice-president of the National Honor Society and manager for the soccer team. She is an organized young lady, motivated and serious about her studies. She plans to continue her education in the medical technology program at the University of Maine at Orono.

## FROM THE bethel town office

The Board of Selectmen met Monday evening, June 14, in the meeting room of the Bethel Savings Bank and acted on several agenda items. The meeting opened with approval of three new applications for concealed weapons permits and renewal of one other such application.

The resignation by letter dated May 28 of Philip Coolidge as a Special Police Officer effective June 11 was accepted and a letter of appreciation for his services to the Town will be sent. The Manager, Bill Judson, outlined the plans for expanded summertime police coverage highlighting the manpower and cost ceilings that will keep expenditures within budgeted limits. Planned police schedules are designed to incorporate a large measure of flexibility to both anticipate heavy demands and to be responsive to other situations. Foot patrols of Main Street and side streets in the village commenced last week with satisfactory initial results. The Board authorized the Manager to arrange with the County Sheriff's Office for additional summertime part time contracted police services on an as-needed basis.

After reviewing 1981 winter sand cost data, the Board decided to explore alternatives that could yield savings in the 1982 winter roads program. The Manager was continued on Page Eight.

## INFORMATIONAL HEARING ON NEW WOODSTOCK SCHOOL WEDNESDAY, JUNE 23

On Wednesday, June 23, an informational public hearing on the building concept for the new Woodstock School will be held at 7:30 p.m. at the Woodstock Elementary School Gymnasium, Bryant Pond. At the informational hearing, tentative blueprints, a tentative site plan and a tentative architectural rendering of the proposed structure will be shared with the public. Philip Rea, Architect for the project, will attend this session to answer technical questions. A straw vote on the concept will be held at the conclusion of the hearing.

Prior to the public hearing, the existing facilities at Woodstock will open for inspection, beginning at 7 p.m. Persons unfamiliar with the existing school are encouraged to tour the facilities.

Under the current funding law, the initial cost to S.A.D. 44 taxpayers would be approximately \$55,000, with the following tentative assessments: Andover, \$9,038.08; Bethel, \$20,638.78; Greenwood, \$9,286.07; Newry, \$5,097.69; and Woodstock, \$10,939.38. The local share for the construction project

## SWIMMING LESSONS TO START JULY 6

The Bethel American Red Cross Swimming Program at Songo Pond will begin on Tuesday, July 6, and end Friday, July 23. Mrs. Beth LaVallee will be the instructor, assisted by Paula Mills, also a certified instructor. Other assistants will be Anita Remington and Samantha Merrill.

Registration forms for enrollment may be picked up at the Bethel Town Office or the Bethel Post Office, and must be returned to the Town Office with the registration fee by Friday, June 25. In addition to the regular classes, a tiny tot program will be initiated. All tiny tot participants must be accompanied by a parent. The swim class schedule will be posted in the July 1 issue of the Bethel Citizen.

Additional summertime part time contracted police services on an as-needed basis.

After reviewing 1981 winter sand cost data, the Board decided to explore alternatives that could yield savings in the 1982 winter roads program. The Manager was continued on Page Eight.

is determined by the relative valuation of each town. The school building will require no additional staff or no additional support services than the existing facility. In fact, the new building, with its improved insulation and solar collection capability could save nearly 7,500 gallons of fuel annually, a savings of nearly \$8,000 per year at current energy costs of \$1.06 per gallon. Thus, the initial \$55,000 investment would be paid back within seven years, even if energy costs remain constant.

Following the public hearing on the concept design for the new Woodstock Elementary School, the steps that remain for construction approval are: concept approval by the State Board of Education; a referendum by the local voters to raise the local funds required for construction; and funding approval by the State Board of Education. These steps could be completed by fall 1982.

## M. S. A. D. #44 Superintendent's Newsletter

Dr. Wayne F. Gersen

At the beginning of each fiscal year, the Board of Directors of S.A.D. 44 establishes a set of goals for the school district. Outlined below is my assessment of the progress towards the goals established by the Board at the beginning of the 1981-82 school year. While accomplishment of each of these six goals was not attained, significant progress was made toward each. A point by point analysis of each of the six goals follows:

### Goal I—Adopt a Minimum Standard for Student Achievement:

The Academic Standards Steering Committee, chaired by Eleanor Tracey, Woodstock Teaching Principal, achieved faculty and Board consensus on a set of goals and objectives in language arts, reading, and mathematics for grades K through 8. The High School faculty has formed an Academic Steering Committee which will develop a set of graduation competencies for review by the District Steering Committee.

Now that standards have been established, the Academic Standards Steering Committee plans to develop evaluative criteria for determining if students are reaching the goals and objectives set during the year.

### SUMMER PLAYGROUND SPECIAL FOR TOTS

On Friday of the first week of Bethel Summer Playground (June 25) will be featured the annual Doll Cabbage and Bike Parade. This event is open to area tots aged three to six. PEN PAL PROGRAM  
AT CRESCENT PARK SCHOOL

In September Shirley Merrill signed her class at Crescent Park School up to participate in the Weekly Reader Pen Pal Program. In October word was received by this Crescent Park third grade that they would be pen pals with a third grade class at Oak Dale School in Amarillo, Texas.

During the year Ms. Merrill and her pen pal, Ms. Everett of Amarillo, have corresponded monthly as have their students. The first step was taken by Ms. Everett when each of her students wrote to the Bethel class telling about their school, families, interests and hobbies. Some included their picture, too.

When the letters arrived in Bethel, Ms. Merrill matched each Texas student with one of her own based on information that the Amarillo students had given about themselves in their first letter. As soon as each student had the name of a person to write to, pencils and paper were made ready and letters of introduction were sent from Maine to Texas.

The program has been very successful. The second thing done was to make a pen pal bulletin board in the classroom which contained a map of Texas and Maine with major points of interest marked and a poster of pictures of each pen pal pair. Ms. Everett even sent a class picture so everyone would know what their pen pal looked like. Ms. Merrill returned the favor with pictures of Maine students.

Other special projects initiated by the program were: holiday greeting exchanges from Halloween to Easter, exchanges of brochures, pamphlets and buttons provided by the Maine and Amarillo Publicity Bureaus, and comparisons of the two communities in development, population, industry, recreation, geography and resources.

In May, Bethel students read their monthly letter on tape as well as sang songs from their spring concert, then sent the tape to Amarillo students so that they could hear their pen pal's voice. Word has been received from Rachel Plawlock's pen pal that they received the taped letters and are making one to send to Maine. Bethel students are anxiously waiting to hear their pen pal's voices.

Ms. Merrill will have her students write their June letter directly to the pen pal's summer address.

## Greenwood City

—Mrs. Colista Morgan, Corres.—

When you step into a grove, where the winds whisper you find coolness. Here you can find a trail to follow and footsteps are drowned in the soft sponge of the earth.

I visited one this week which was not far from home. The light was muted and the floor sprinkled with pin holes of light.

It was so still standing there alone with now and then the groan of a branch rubbing against another or the crack of a twig, as I stepped.

At the edge of the grove I visited with the partridge vines. At all times of year this little evergreen plant fulfills its mission of adorning a small portion of the earth to which it finds itself rooted. But only in early summer does one find the delicious fragrance of the twin blossoms. Among the waxy blossoms may be found bright red berries of the previous year if the winter birds haven't found them first. There were but a few of each today.

As I continued up the hill the Pale Solomon Seal was in many places.

It seemed late for the columbine but I found one jewel-like plant among the ledges gleaming from its lofty perch; a thing of beauty. I wondered, as I walked on if I might meet the moose which left his huge foot print in my flower garden and Clyde's vegetable garden one night this week. I didn't, and was glad. He was no doubt back in his private world from which I was shut out.

From the hill I saw "Old Glory" waving in the breeze and welcoming me home. "But sight serene all beauty holds The Stars and Stripes in waving folds."—Barbara Moran.

There was a gathering at the Hayes Homestead over the week end. The four sons, their wives and children, Erwin from Connecticut; Ardell, Auburn; Glen, Gray; Duane, West Paris. Mr. and Mrs. Terry Spies, and boys, Portsmouth, N. H.; Mr. and Mrs. Chester Haselton, West Paris; Mr. and Mrs. Adam Waterhouse, Gorham; Verna Libby, Falmouth; Millie Allen, West Paris. Several of them spent the week end. The others were there for the day on Saturday.

Frank and Dot Curtis have had

Sent in by Eva Yates:

Another dark Monday morning but the Go Shoes are already to go—but have no place to go. But the Go Shoes have been on the go this past week. Let's see, I guess I was home on Monday but I went to town on Tuesday and to Norway on Wednesday, and in the evening I went with Peggy and Joe to the small boys Red Sox ball game. Thursday found me in Norway again—and Saturday night went to Bear River Grange and yesterday visited Lawrence and Grace Yates in West Paris and had a delicious dinner. Viva Whitman of Norway and Wynoria Woolf of Lewiston were dinner guests too. Today I expect to give the Go Shoes a rest.

While we were at the Grange Hall we had the chance to watch a bull moose meander around by the store at the corner. He was just exploring—but what a sight they are.

Vivia Whitman returned to her home in Norway after spending the week end with her mother and brother Joe Yates.

Tuesday afternoon rush callers at Eva and Joe's were Pamela Taylor of town and Verna Swan, Ann Crockett, Esther Pierce and Billie Crockett of Bryant Pond.

I am told our mail lady is driving a new station wagon. Good for her.

Joe and Eva attended the boys ball game at Bryant Pond. Red Sox won.

Russell Yates was in Norway Thursday to see his doctor.

Friday callers at Joe Yates were Rob Bean and Darnita Yates.

Several graduation party's were held Friday night.

They have two children, Billy and John, and a dog who cares. Mr. Schroer is the new minister at the Adventist Church. Mr. and Mrs. Peter Schroer spent a couple of days with them, helping them to set up house keeping with the heavy furnishings; They returned to Jefferson, Wednesday evening.

Mr. and Mrs. Harold Cartwell and Evelyn Jackson took me to Rumford Grange Saturday night where we held offices at their CWA meeting. Richard Felt went, too, and they (Dot and Richard) furnished music for the program.

## BETHEL RED SOX WIN THIRD

Jimmy Merrill let a 21 hit attack with four hits including a double, a triple and four RBIs as the Bethel Red Sox defeated Bryant Pond 3-0. Merrill was also the winning pitcher as he pitched all six innings yielding only one hit with no walks and 12 strikeouts.

Adding to the offensive attack were Chris Keyes, Brant Remington, and Rodney White, with three hits apiece. One of Keyes' was his second home run of the season, coming in the second inning with no one on base.

Jeff Lyon, Mike Thompson and Randy Coulombe added two hits each and Shannon Sumner and Timmy Chapman each contributed one.

The win left the Red Sox at 3-0 with victories over Rumford Point, West Paris and Bryant Pond.

and take Rover for a walk or two around the garden each night—it helps to keep deer, etc., out.

Bear River Grange held a regular meeting Saturday night. We had ten members out which was good. The Deputies were there and we had six visitors. Quite a lot of business was taken care of. We have had to raise the price of the use of the hall to \$35. That is the dining hall. We would like to have election of officers June 26, so we would appreciate having each and all members come and help out. No one wants to see Bear River Grange have to quit because the members won't come. If you come and each one does his share we can keep going—So come, "Don't be a Shrinker." There is a pot luck supper before each meeting so bring your pot of luck or your luck may be nil. Until we meet again, be happy, and if it continues this cold, the bugs won't chew too hard.

## Upton

— Mrs. Arline Bernier, Corres. —

Margaret Mitchell went to Lebanon, N. H., in hopes to greet her first great grandchild but the baby delayed arrival until after Margaret came back to Upton.

Marian York celebrated her birthday recently. She was tendered a surprise party.

Jill and Amy Murphy took their flat little 4-H lambs to be clipped and dipped last week.

Several from town attended the graduation at Telstar last week as Michelle Goodrum, Norma Aron and Linda Blais were among the graduating class.

Roland and Arline Bernier attended graduation and a party at the Korhonen home in honor of Alan Korhonen. A surprise anniversary party for Phil and Nita Korhonen were given them the same evening by Alan and Freda Robertson. Several other friends and relatives attended the combined party.

The Andy Cox family have returned to Maine after spending the snow season in a warmer spot. Clayton Thompson and Norma Collingwood made personal thank-you visits around town to those who had contributed in respect to Arthur Thompson.

Moore are no longer a rarity but still exciting to come upon. Deer have been far less common for several years now, but seem to be coming back a little. I was pleasantly surprised by two sightings at mid-day Saturday, one near Milan and one in Upton.

The Ladies' Aid held their annual meeting last Thursday. Officers were re-elected with exception of president. Laurie Bergeron was elected for that office. Merina Allen brought the nine square quilt which she has finished up this past winter. Elsie Fuller volunteered to help with tickets. Other fair plans were discussed. The next business meeting will be June 24.

A housewares party is scheduled for Thursday evening, June 17, at the home of Laurie Bergeron at 7:00.

Walter and Felicia Griffin of Westbrook were recent visitors of Margaret Mitchell.

On Sunday, with temperatures below 40°F, gardeners, donned in parkas and knit caps were hoeing their gardens. Fortunately they didn't first have to shovel snow.

Sunday, Pastor Torbett asked those of the congregation who wished to agree in prayer that moves contrary to Christian belief be no longer shown in the theater in Berlin to stand. The entire congregation stood.

## SUPERINTENDENT'S NEWSLETTER

continued from Page One

ing the past year. I have asked the Academic Standards Steering Committee to identify these evaluative criteria by February 1983, so that field tests can be administered in the spring of 1983. Thus, by the end of 1983, S.A.D. 44 will have not only a clear set of instructional objectives in the three basic skills areas of reading, language arts, and mathematics, but also a method of determining if the goals and objectives have been reached. This dimension of instructional accountability will be a tremendous benefit to teachers, students, parents and the public.

Of all of the achievements of the past year, the development of goals and objectives for grades K to 8 is the single most significant accomplishment. The teachers who served on the Academic Standards Steering Committee contributed many hours of their time. The committee members shared their findings with their fellow faculty members, and worked to make the January Workshop on Goals and Objectives a success. The teachers in S.A.D. 44 are the district's most valuable research. When teachers work together to develop curricular goals and objectives, improvement in the quality of instruction throughout the system will result.

## Goal II—Evaluate the Vocational Education Program for Secondary Students

At the outset of the school year, an ad hoc Vocational Educational Committee was formed to review various options for the delivery of vocational education to students in S.A.D. 44. Among the options considered by this committee were: withdrawal from Region 9 (NOVA) and alignment with Region 11 in Norway-South Paris; withdrawal from Region 9 and formation of our own independent vocational center; and, modification of either cost-sharing or programs at NOVA. Cost analyses of each option were developed and shared with the ad hoc committee and the full Board. At this point the NOVA superintendents are exploring a change in the funding mechanism that will relate vocational education costs to vocational education enrollments. This change should improve the cost-effectiveness of vocational education in S.A.D. 44.

## Goal III—Reach a Decision on the Improvement of the Physical Plant

The Board and administration have virtually accomplished this goal. On Monday, June 7, the Board agreed to an option to purchase a property on Rumford Avenue for a new elementary school in Woodstock. This culminated nearly four months of examining alternative sites. On June 9, the State Board of Education approved this option. A public hearing will be conducted to review the concept design

## MOSES MASON MUSEUM SUMMER FILM SERIES

During July, the Moses Mason Museum will feature a film series each Wednesday afternoon beginning at four. Films scheduled are July 7, "Silent Witness" which deals with the Shroud of Turin; July 14, "Quilts and Women's Lives"; July 21, "Ghosts of Cape Horn"; June 28, "Matthew Manning: A Study of a Psychic." The films are provided through the courtesy of the Film Services Division of the Maine State Library and are open without charge to anyone interested in attending.

for the new school. (See separate article, Page One).

Subsequent to this, S.A.D. 44 must receive concept approval from the State Board at their July meeting. Once this approval is secured, the school district has four months to conduct a public referendum on the issues of providing funds for the construction of a new building in Woodstock.

The construction of a new school in Woodstock will, clearly, improve the overall physical plant of S.A.D. 44, and result in savings to the district for many years to come.

## Goal IV—Evaluate the Current Administrative Organization

The administrative reorganization of the District has been completed with the appointment of Eleanor Tracy to the position of Principal at Crescent Park/Ethel Bisbee; John Freeman to the position of Principal at Andover Elementary School / Woodstock Elementary School; and John Quarararo to the position of Administrative Assistant. Beginning next year, a Coordinator of Public Personal services will be hired to provide guidance services at the Middle School and to coordinate Special Education Services in the District. With the creation of these various positions and subsequent appointments, day-to-day management of elementary and middle schools will be more effective, and the school district should have greater financial accountability.

## Goal V—Improve Student Achievement in Mathematics through an Evaluation and Improvement of the Delivery System

During the past year, a Mathematics Steering Committee, comprised of teachers and administrators of S.A.D. 44, completed comprehensive review of the mathematics curriculum for all grade levels. As a result of this review, district-wide in-service workshops have been held, new testing procedures have been implemented, and, in the coming school year, students will be grouped in mathematics in the same fashion as they have been grouped in reading. The development of systematic, clearly stated, and common understood goals, and objectives in mathematics, as described in the synopsis of Goal I, should result in improved delivery of mathematics instruction in the year ahead.

## Goal IV—Improve Procurement Procedures

During the past year, more items were purchased through bids than in previous years. Paper products, school supplies, and custodial supplies were all bid for the first time. However, in the year ahead, with the Administrative Assistant available for the entire school year, an increasing number of bids will be sought.

In the near future, a policy on bid procedures will be developed and presented to the Policy Committee. This policy will establish parameters for the bid development and bid review process which should enable the administration in the District to place items out for bid and award bids with greater frequency.

For the year ahead, the Board has begun to develop a new set of goals. Please feel free to offer any suggestions you may have for School Board goals to any Board members or administrators in the coming weeks.

The Greenwood Fire Department (Auxiliary) will meet Tuesday, June 22, at the Fire Station at 6:30 p.m. The upcoming flea market will be the topic of discussion.

The Community Club met Wednesday evening with 11 members present. Marion Swan and Barbara Wakefield served on the entertainment and refreshment committee. The food sale was a success and the club is very grateful to all those who baked or helped in any way.

The Greenwood Fire Department held a training session Tuesday at the Fire Station. The men worked on laying pipe and relaying water.

Members of the Historical Society have been working on the building this spring. The foundation is in place and the retaining wall has been finished.

Mrs. Helen Bacon, Boston, spent Thursday through Saturday with her cousin, Mrs. Lillian Lapham.

Mr. and Mrs. John Mills and Mrs. Mildred Merrill were among those attending the annual picnic of the Bethel Church of the Nazarene Saturday at the home of Pat and Ernel Murphy in Bethel. This year Farmington Falls Church of the Nazarene were guests of the Bethel church. Games were played and a lot of hot dogs were consumed.

Mr. and Mrs. Everett Cross and Mrs. Lillian Lapham were in Lewiston Monday where Everett saw his doctor for his yearly eye exam. The trees set out on Main Street last year are still doing well and have leaved out this spring.

## Walking With Jesus Christ

Pilgrims Progress—John Bunyan's story in a dream—of a man named Christian—a Pilgrim formerly of rags and indeed sinful, had his life changed to one deserving the name of Christian. Christian exemplifies the like of many, many believers on the way to the celestial city, tempted, with pitfalls on every side—carrying a great burden—so heavy it tried him sorely—much to the delight of the "deceiver" who placed it there.

Bunyan relates in his dream—Christian observing a multitude at the bar of judgement—a proclamation—"Gather together the tares, the chaff, and stubble, and cast them the burning lake"—and many were cast into it. Matt. 4:2. Christian heard the words—"Gather my wheat into the garner"—I Thess. 4:13-15—but I was left behind—and he was sore tried. Help came from the "Interpreter"—"The Comforter be always with thee, good Christian, to guide thee in the way that leads to the city."

Now I was in my dream, that the highway up which Christian was to go, was fenced on either side with a wall, called Salvation, Isaiah 26:1—up the way Christian went, therefore did Christian run, but not without great difficulty because of the load on his back. (Oppressed with a habitual sense of guilt, and often bowed down with fears, till the Comforter, who glorifies Christ, makes it clear to us by Divine illumination—quickening the believer when he puts implicit reliance on God's mercy through Jesus Christ).

And, so as Christian ran till he came where stood a Cross—and a little below a sepulchre—when Christian's burden loosed from his shoulders and tumbled into the sepulchre and saw it no more.

Then was Christian lightesome, and said with a merry heart,—"He hath given me rest by His sorrow, and life by His death. Then he stood awhile, to look and wonder for it was very surprising to

## SMITH - MORTON

Miss Kara Guinn Morton and Gerald Scott Smith were united in marriage in a double ring marriage ceremony, Saturday evening, May 15. The marriage was conducted at the Church of Christ in Rockwall, Texas, by minister Tom Smith.

Parents of the couple are Mr. and Mrs. Delwin Morton, Rockwall, Texas, and Mr. and Mrs. Jerry Smith of Fryeburg, Maine.

Escorted down the aisle by her father, the bride was lovely in a white organza over taffeta gown. The fitted bodice featured a keyhole neckline, and long sleeves of Chantilly lace. The skirt was a complete circle, trimmed with two rows of lace, coming into a cathedral train in the back. The skirt and bodice featured appliques of lace. Her finger-tip veil was made of illusion and crowned by a Juliette cap. The bride carried a bouquet of peach and white roses surrounded by Babysbreath and lace streamers.

The groom was dressed in a tuxedo and carried a boutonniere of white roses and white streamers.

## BETHEL RED SOX 7 BETHEL BRAVES 3

Walks seemed to be the name of the game as 23 batters received bases-on-balls and the Bethel Red Sox defeated the Bethel Braves 7-3 for their fourth consecutive win.

The scoring began in the first inning when the Braves went on top 1-0. Red Sox starting pitcher, Mike Thompson, walked four straight batters and Mindy Robinson scored the go ahead run.

In the top of the third the Red Sox came up with four runs to take the lead. Five walks, a sacrifice bunt, a few wild pitches and one error accounted for the four runs.

In the bottom of the third the Braves came back with two more runs and narrowed the score at 4-3. Four walks, a few wild pitches resulted in the two Braves' runs. Then with bases loaded and one out the Red Sox made a pitching change and things seemed to settle down. Brant Remington pitched to two batters — one grounded out and the other struck out to end the Braves' rally.

The Red Sox added three insurance runs in the top of the fourth to end the scoring at 7-3. Mike Bennett reached on an error as did Timmy Chapman and Brant Remington reached on a catcher's interference to load the bases. Consecutive walks to Jimmy Merrill and Jeff Lyon scored two and a wild pitch scored one more before the inning ended.

The Red Sox are now 4-0 and the Braves are 3-1.

## BETHEL SENIOR CITIZENS MET ON JUNE 9

The Bethel Senior Citizens met on Wednesday, June 9, at the I.O. O.F. Hall for their regular monthly meeting with 72 members and guests present. Maude Danforth had change of the registration book.

The meeting was called to order by the president, Muriel Faudi. A moment of silence was observed in memory of Fenol Godwin. Prayer was offered by Rev. Millett Cummings followed by the Lord's Prayer in unison. The flag salute was given and one verse of America sung. A special welcome was extended to the guests and to members who had not been present for some time.

The secretary's and treasurer's reports were read and accepted. Floribel Haines, Sunshine Chairman, reported that four get-well cards had been sent. Elizabeth Lord read a poem "A Little Mixed Up" which was very amusing and thoroughly enjoyed.

The President announced that 59 Senior Citizens from this area attended the smorgasbord dinner in South Paris on May 28. The President also reminded the group of the trip to Augusta on June 16. Anyone wishing to go should notify her as soon as possible.

Joan Coolidge spoke briefly on the Cape Cod trip which takes place Sept. 27, 28, 29. The bus will leave the Bulldog Diner on Sept. 27 at 7:30 a. m. Those wishing further information may contact Mrs. Coolidge.

Announcements were made of the Friday Gift Shop which will open June 18 in the Annex of the Methodist Church and the Strawberry Festival which takes place July 8.

Those observing birthdays were: Grace Buck, Bertha Flanders, Beatrice Grover, Elizabeth Glines, Guy Parker and Carolyn Brooks. The birthday cake was furnished by Mr. and Mrs. Donald Bennett, Bertha Flanders, Florence Fifield, Stella Howe, Gladys Jordan, Annie Kimball, Lora Noyes and Mr. and Mrs. Mansfield Packard. It was made by Leona Flint.

The next meeting will be held on July 7 at the Odd Fellows Hall. At that time there will be a Silent Auction under the supervision of Maude Danforth.

The meeting was adjourned. Rev. Cummings offered grace and a nice ham dinner was served.

The speaker for the afternoon was Kathleen Roberts, Director of the Coastal Management Association in Portland. She was introduced by Merton Brown who had on display a large blueprint of the local housing development which will be known as the Bethel House. Kathy described in detail the interior and exterior of this housing complex when it is completed. She presented two guidelines by which a person can qualify for an apartment. 1. They must be over 62, unless disabled or handicapped. 2. The yearly income of a single person cannot exceed \$7,300, of two people, \$8,300. Each tenant will pay 25% (possibly 30%) of their total income and the remainder of the rent, which includes utilities, will be subsidized by the government.

## KEEP US IN MIND

It's that time of year when your local Rotary Club must start gathering items for our annual auction. The proceeds of all of our efforts go to support such projects as the Senior Citizen Xmas Dinner, Xmas Food Baskets for the needy, student scholarships, support of the local health facilities, summer camp tuition, area athletes expenses, disabled individuals needs, etc. If you're cleaning the garage, attic, or cellar, for us get rid of those unwanted items for you. Call Roger Conant (824-2131 or 824-2269) for pickup. Help us with your support of our projects. It's a good feeling!

## WOODSTOCK HISTORICAL SOC. ENJOYS SLIDE SHOW

At last week's meeting of the Woodstock Historical Society its members enjoyed a slide show presentation, Scandinavia by Annie Gardner. The speaker gave an interesting narration and the pictures were colorful and topical.

During the business meeting a discussion was held on producing stationery for sale by the society. Preliminary sketches submitted by local artists of the Baptist and Universalist Churches and the old stage were examined. A committee was also appointed by President Eva Twitchell to undertake a quilt exhibit some time this summer. Donations from Mansfield Packard, Gleim Brooks, Dorothea Hooper, Eva Twitchell and Annie Crockett were received and admired.

Hopefully the museum will be open this summer from 1 to 4 p. m. on Saturdays. In the event that it should be closed contact Curator Larry Billings and he will let you in. The exhibits are now quite extensive, so plan to visit and enjoy them.

### Children's Center

The children have been actively involved in several Center projects. They have planted a terrarium and are now enjoying watching it grow! They are also planting their vegetable garden that will include beans, peas, tomatoes, peppers, onions, beets, watermelon, cantaloupe, and sunflowers. They have sanded and finished a new balance beam for use.

Children are also studying "animal" life in and outside the classroom. They had a good visit and picnic at the Rumford Zoo. Trips are planned to Laban Sheep Farm and Dr. Hudson's Farm.

The visit to the Ethel Bisbee School for their annual Circus presentation was also enjoyed by all.

Welcome to Seneca Brooke—new Day Care child from Newry.

Again the Children's Center staff needs to remind neighborhood children and softball field users that they are not allowed in the Center playground. During the game that was played Monday night, June 14, many older children were in the Center yard and swings were broken and a large metal bar that could have seriously injured a child was knocked down. Please adults be responsible for children you bring over to the field.

Thank you to Karen and Eric Paul for donations of flowers for window boxes and plants for the garden. Thank you to Al Lovejoy for tilling the garden and to Arthur Gilbert for vegetable plants. Children hope to get lots of produce this year.

When Joe Vatcher went to the barnyard this Monday morning he was heart broken to find only three adult ducks and three baby ducks. The mother hen and all the chickens were gone, also all the baby ducks but three. He felt like a poor farmer. We heard the dogs bark like mad at 2 a. m. but in the darkness we couldn't see anything in the yard. Joe shot a huge rat Friday evening so it was something other than a rat. All the feathers were left, so it could have been a raccoon, as they are around. Oh, well.

Mr. and Mrs. Joe Kalinowski were hosts on Monday evening to a birthday supper for Thelma Card and Marietta Penley. Guests were: Mr. and Mrs. Root Lawrence, Mr. and Mrs. Albert Penley, Sr., Mr. and Mrs. Carroll Records, Mr. and Mrs. Herman Card, Mrs. Helen Emery, Mechanic Falls, Mrs. Rachel Boston of Lake Alfred, Fla. They enjoyed a delicious supper and an evening of fun at "Big Rock".

Eveline had a hard week. The Mister bought her a new sewing machine and it has many new gadgets, buttons and what-nots on it.

## North Paris

— Evaline B. Vatcher, Corres. —

Another dull, dreary day and once in a while a few drops of rain. It was a good day to go visiting, so my husband and I drove to Colebrook, N. H., to visit Mr. and Mrs. Henry Moltram. Mr. Moltram used to work for Joe at the Sausage Public Works Department. It was cold and windy there at 58° at 11 a. m. They had a killer frost a few days ago, so they were in the garden, replanting it.

Jack Newmeyers has been cutting his blow down lumber across the road from Joe Vatcher. His brother is helping him. It looks better, but still it looks strange. It will be better later.

The school children are counting the days and hours before the last days of school. I believe they will be out on June 18.

Several from here attended the West Paris Alumni banquet at the West Paris Grange Hall on June 12. It is good to meet once a year and compare notes and check up on one another.

Callers at Lawrence's: Mr. and Mrs. Pat Myers, Mr. and Mrs. Albert Penley, Sr., Jimbo and Ruby Coffin, Mr. and Mrs. Joe Vatcher, Mae Wager and daughter, Joyce Maier, New York, Mr. and Mrs. Joe Kalinowski, Barbara Felt and Jenny. Thursday, Mr. and Mrs. Root Lawrence went with Lloyd Humbley to New Gloucester, called on his daughter and husband, Virginia and George Stone. They had lunch in Brunswick, then on to Pemaquid Point. They had a lovely day and enjoyed every bit of it.

Mrs. Rhoda Vatcher has a new car.

## TRAVELING TEAL

## —FAST FLYING DUCK

Maine waterfowl hunters know the blue-winged teal as an elusive quarry—a small, fast flying duck.

According to the Fish and Wildlife Department's migratory bird research leader, Howard E. Spencer, probably few teal could match the speed and distance flight recently recorded for one Maine blue wing teal.

The young duck, hatched in the spring of 1981, was banded near Ashland, Maine on Aug. 25.

On Sept. 23, the duck was shot and its band recovered on Terceira Island, in the Azores off the coast of Spain. In less than a month, the duck had flown over more than 2,000 miles of open ocean.

Spencer says the information on the banded duck was received and processed at the Patuxent Wildlife Research Station at Laurel, Md. The band was recovered and sent to Patuxent by Gary L. Plotts of APO, New York, who is believed to be a U. S. serviceman stationed in the Azores.
